Instructions to Contributors
(Revised June 2019)

Authors are requested to submit 2 (two) hard copies of their manuscript to the Editor, Jahangirnagar University Journal of Science, Faculty of Mathematical and Physical Sciences, Jahangirnagar University, Savar, Dhaka-1342, Bangladesh. In case of submission from foreign countries, manuscript in PDF can be sent to the e-mail address: editor.jujs@juniv.edu. Authors submitting a manuscript do so on the understanding that the manuscript has not been published or submitted for publication elsewhere.

Manuscript should be submitted in English in the Jahangirnagar University Journal of Science style in A4 size paper (double space, New Times Roman, font size 12). In case of co-author(s) from outside Jahangirnagar University a written consent of such co-author(s) should accompany the manuscript.

The name, institutional affiliation, complete mailing address, telephone number, e-mail of the corresponding author to whom proofs and reprints of the paper are to be sent should be clearly stated on the title page. No new material may be introduced at the proof-reading stage.

A short abstract of about 200 words must be included at the beginning of the manuscript together with 5 or 6 keywords or phrases other than those included in the title to describe the content of the paper. Mathematical expression or any kind of symbol should be avoided in the title and abstract as far as possible.

Illustrations, tables and figures should appear in the document near where they are referenced in the text. Large tables or figures should be put on pages by themselves. All illustrations (figures and tables) must be clearly numbered and referred to sequentially in the text.

References should be numbered, within third brackets, in order of their appropriate positions in the text (for example [1]). However, all the references of the manuscript should be typed in their serial order in the text under the heading "References".
